

INTERNATIONAL ADVISORY COMMITTEE ON CLINICAL TRIALS IN MULTIPLE SCLEROSIS

The International Advisory Committee on Clinical Trials in Multiple Sclerosis is jointly supported by the European Committee for Treatment and Research in Multiple Sclerosis ([ECTRIMS](#)) and the [US National Multiple Sclerosis Society](#). The Committee works to provide perspective and guidance in areas of interest to planning and implementing clinical trials for new agents for the treatment of multiple sclerosis. The Committee works as a whole, in international meetings and consensus-building activities, or through subcommittees and task forces on specific topics.

Historically, some of the Committee's projects and publications of their outcomes have included:

- [Outcomes assessment in MS clinical trials](#) – The “Charleston Meeting” (1995)
- [Defining the clinical course of MS](#) (1996)
- [Guidelines for MRI in monitoring MS treatment](#) (1996)
- [MRI for understanding and managing MS](#) (1998)
- [Development of the Multiple Sclerosis Functional Composite](#) (1999)
- Diagnostic criteria for MS ([2001](#), [2005](#), [2010](#) and [2017](#)) and differential diagnosis of MS ([2008](#))
- The ethics of placebo-controlled clinical trials in MS ([2001](#) and [2008](#))
- [The impact of available therapies on clinical trial design](#) (2005)
- [MRI as a surrogate outcome for MS clinical trials](#) (2008)
- [Imaging outcomes for neuroprotection and repair in MS](#) (2009)
- [Disability outcomes in MS](#) (2012)
- [Defining the clinical course of MS: 2013 revisions](#) (2014)
- [Vision and Vision-Related Outcome Measures in Multiple Sclerosis](#) (2014)
- Comorbidity in MS and its impact on clinical studies (2014-2015): a set of [comprehensive systematic reviews of impact and prevalence of comorbidities in MS](#) and recommendations for incorporating comorbidity analyses in [clinical trials](#) and [observational studies](#)
- [Cell-Based Therapeutic Strategies for Multiple Sclerosis](#) (2017)
- [Spinal cord involvement in multiple sclerosis and neuromyelitis optica spectrum disorders](#) (2019)
- [Leveraging real-world data to investigate multiple sclerosis disease behavior, prognosis, and treatment](#) (2019)
- [The 2013 clinical course descriptors for multiple sclerosis: A clarification](#) (2020)
- [Women's Health in Multiple Sclerosis: A Scoping Review](#) (2022)

**International Advisory Committee on Clinical Trials
in Multiple Sclerosis**

Committee Roster

2022-23

Ruth Ann Marrie, MD, PhD – *Chair*
Department of Medicine & Community
Health Sciences
University of Manitoba

Tanuja Chitnis, MD
Department of Neurology
Brigham and Women's Hospital

**Xavier Montalban, MD, PhD – *Vice-
chair***
Neurology-Neuroimmunology
Department Multiple Sclerosis Centre
of Catalonia (Cemcat), Vall d'Hebron
Barcelona Hospital Campus

Jeremy Chataway, MA, PhD
The National Hospital for Neurology
and Neurosurgery, Queen Square,
University College London Hospital

Alan J. Thompson, MD – *Past Chair*
UCL Institute of Neurology
Queen Square
University College London

Timothy Coetzee, PhD
National Multiple Sclerosis Society

Maria Pia Amato, MD
Department NEUROFARBA
Section of Neurosciences
University of Florence

Jorge Correale, MD
Department of Neurology
Raúl Carrea Institute for Neurological
Research (FLENI)

Lilyana Amezcua, MD
Department of Neurology
University of Southern California

Tobias Derfuss, MD
Departments of Neurology and
Biomedicine
University Basel

Brenda Banwell, MD
The Children's Hospital of
Philadelphia
Perelman School of Medicine
University of Pennsylvania

Marcia Finlayson, PhD
School of Rehabilitation Therapy
Queens University

Frederik Barkhof, MD, PhD
Department of Radiology and Nuclear
Medicine
VU University Amsterdam

Christina Granziera, MD
Department of Biomedical
Engineering,
University of Basel

Helmut Butzkeuven, MBBS, PhD
Department of Neuroscience
Monash University

Kerstin Hellwig, MD
Department of Neurology, St. Josef
Hospital / Ruhr University, Bochum,
Germany

Peter Calabresi, MD
Department of Neurology
Johns Hopkins University

Daphne Kos, PhD
Department of Rehabilitation
Sciences, University of Leuven,
Belgium

Aaron Miller, MD
Corinne Goldsmith Dickinson Center
for MS
Mount Sinai School of Medicine

Ellen Mowry, MD, MCR
Department of Neurology
Johns Hopkins University

Jiwon Oh, MD, PhD
Department of Neurology/Medicine,
St. Michaels Hospital, Toronto

Daniel Reich, MD, PhD
NIH – National Institute of
Neurological Disorders and Stroke

Mara Rocca, MD
Division of Neuroscience
Scientific Institute Ospedale San
Raffaele

Amber Salter, PhD
Statistical Planning and Analysis
University of Texas Southwestern
Medical Center

Andrew Solomon, MD
Department of Neurological Sciences
University of Vermont

Maria Pia Sormani, PhD
Unit of Biostatistics
Health Sciences Department
(DISSAL)
University of Genoa

Bruno Stankoff, MD, PhD
Department of Neurology
Sorbonne University Hospital

Mar Tintore, MD
Multiple Sclerosis Centre of Catalonia
Vall d'Hebron University Hospital

Helen Tremlett, PhD
Faculty of Medicine (Neurology),
University of British Columbia,
Canada

Anneke van der Walt, MD, PhD
Department of Neuroscience, Central
Clinical School, Monash University

Sandra Vukusic, MD, PhD
Service de Neurologie A et
Fondation EDMUS pour la SEP
Hôpital Neurologique Pierre
Werthemier – GHE

Paola Zoratti, PhD
Italian MS Society and Foundation
